

Cambridge Graphene Centre and EPSRC Centre for Doctoral Training in Graphene Technology present the

Graphene Technology Day

Thursday, 25th May, 09:30 – 19:00

Norwich Auditorium, Roger Needham Building, Information Services, Cambridge, CB3 0RB
Cambridge Graphene Centre, 9 JJ Thompson Avenue, Cambridge, CB3 0FA

Industry Panel Discussions

Flexible Electronics

Mark Thompson — Talga

Mike Banach — FlexEnable

Neil Chilton — Printed Electronics

Chris Jones — Novalia

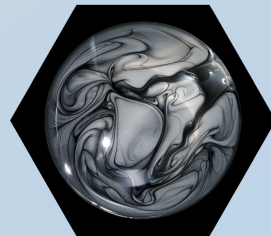

Production & Composites

Ray Gibbs — Haydale

Alex Jouvray — Aixtron

Mark Shepard — Versarien

Gaute Juliussen — Graphitene

Electronics

Matteo Bruna — Nokia

Michael Robertson — Huawei

Antonio D'Errico — Ericsson

Piers Andrew — Emberion

On the agenda

- ◆ Hear directly from industry experts across graphene technologies
- ◆ Interactive exhibition featuring latest graphene-based products and solutions
- ◆ Explore the global graphene market with Terrance Barkan, Executive Director of The Graphene Council
- ◆ Discover cutting edge research in industrially relevant projects in the EPSRC CDT
- ◆ Networking opportunities and ideas for Technology Transfer projects
